hachigo74 - left half - 1:1 scale

Print at 100 % ("actual size", no fit-to-page). Check the 100 mm ruler. Keycaps 18.2 mm per 1U at 19 mm spacing. Red dashed line = keyboard centre: overlap the sheets there.

Drawn x1.0417 to compensate a printer that prints 96.0 mm for 100 mm (on an exact printer the ruler would show 104.2 mm).
